MUSIC APP LOGIN UI DESIGN

AIM:

The aim is to design and compare different app UI layouts with varying color themes and evaluate user feedback on visual appeal, usability, and readability.

PROCEDURE:

Step 1: Create Design

- Use design tools like GIMP / Figma / Photoshop.
- Create a login UI screen for a music application (BeatFlow).

Step 2: Base Layout Design

- Add app logo (music icon 🎵 or headphones).
- Add title: **BeatFlow**
- Add subtitle: *"Feel the music"*
- Add input fields:
    - Email / Username
    - Password
- Add checkbox: **Remember me**
- Add CTA button: **Login**
- Optionally include:
    - Forgot Password
    - Sign Up link
    - Continue with Google

Step 3: Create Colour Variants

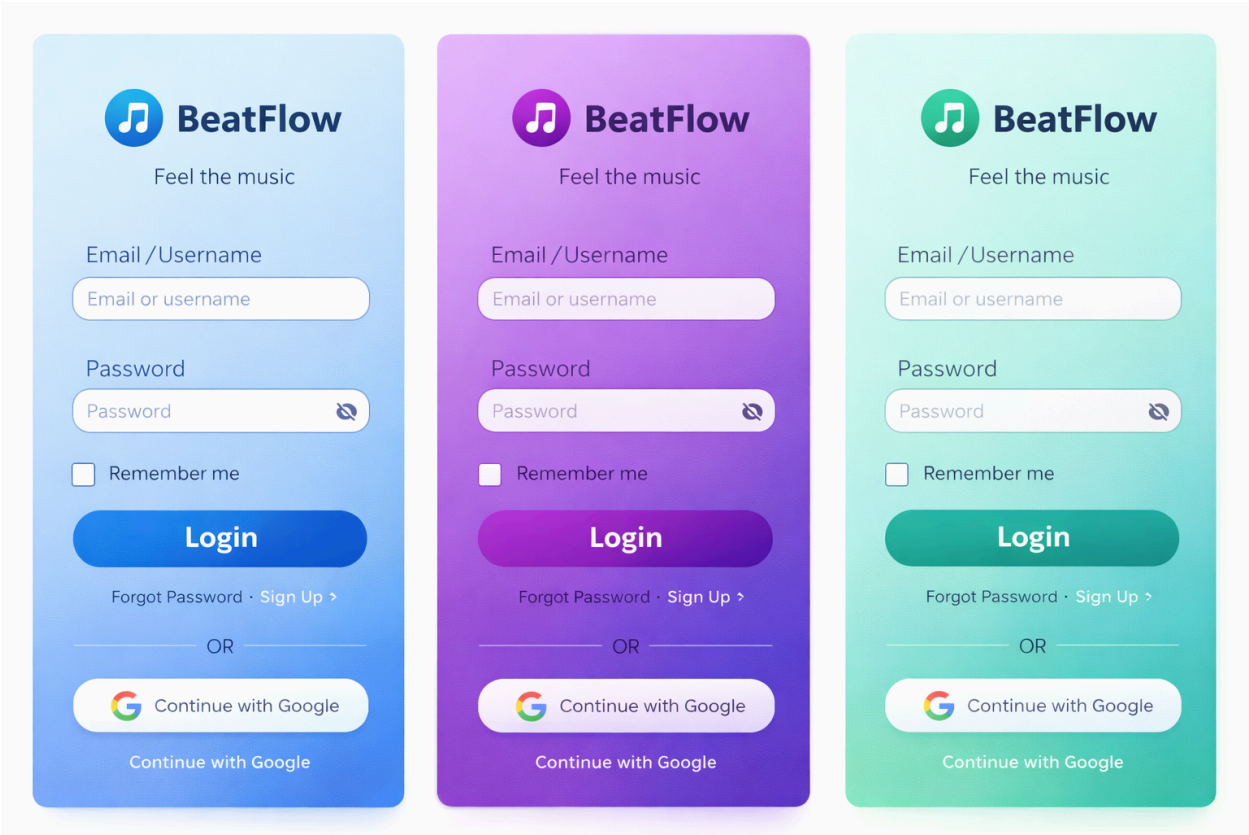
- Layout 1: Blue Theme
- Layout 2: Purple Theme
- Layout 3: Green/Teal Theme

Step 4: Export Designs

- Export as images for comparison.

Step 5: Collecting User Feedback

- Google Form Link:
  https://forms.gle/sxuuHVgaTmMWeRKv6



USER FEEDBACK:

Layout 1 (Blue Theme):

- Clean and professional appearance
- Good readability and contrast

Layout 2 (Purple Theme):

- Stylish and modern look
- Slightly darker background affects clarity

Layout 3 (Green Theme):

- Fresh and minimal design
- Best balance of colors and readability

FINAL RECOMMENDATION:

Preferred Layout: Layout 3 (Green Theme)

Reason: Best visual balance, clarity, and user preference.

RESULT:

The music app login UI designs were successfully created and evaluated. The green-themed layout provided the best usability and visual appeal among all variants.
